

Welcome to Galatea

Established in 1998, Galatea specialises in developing and delivering high quality content and published outputs for our clients. This includes magazines, mini-books, e-newsletters, white papers and case studies, together with a flourishing textbook publishing programme.

We work in conjunction with leading professional bodies and membership organisations, IT suppliers and major training providers to ensure that their members, clients and students are provided with clear, concise and up-to-date information on all aspects of IT, e-business, project management and business management.

We also work in partnership with leading research companies and writers to deliver bespoke publishing solutions, ranging from state-of-the-art reports to marketing collateral.
